- Light Full sun – partial sun
- Water Medium, avoid overhead watering
- Soil Average – moist conditions
- Hardiness Zones 4 – 8
- Height 2 – 4 feet
- Spacing 24 – 36 inches
- Bloom Times Most varieties bloom from early July – September
- Bloom Color Pinks and whites (depending on variety)
- Garden Use Native and pollinator garden, butterfly garden, cutting garden.
- Benefits Fragrant blooms attract butterflies, bees and hummingbirds. At a 2022 visit to Caramoor in Katonah, the garden club witnessed mass numbers of butterflies flocking to the garden phlox in their native garden.

Variety 'Jeanna' was rated as a top performer in 2015-2017 Mt. Cuba Phlox trials.

Tolerates clay soil, black walnut. Deer and Rabbit resistant.
